Monthly Newsletter ~ May 2018

What we will be learning: Since this is our last and final month of school, we will be incorporating lower case letters as well as reviewing all of the letters we have learned this year. We will also be reviewing all of the math topics that were a bit challenging for us over the school year. In science we will be engaging in group experiments and observing the world around us outdoors through nature walks, scavenger hunts and planting.

Bible and Religion: We will be focusing on all of Jesus' miracles as well as the wonders of spring that we see around us that God has given us and what we can do to help preserve and enjoy these things.
