

NOTRE DAME ELEMENTARY SCHOOL

Dear Parents,

All students in current grades 2 through 7 are assigned the summer reading book listed below. Each grade level will determine the manner in which the book will be developed.

The books selected by the teachers are at grade level and are considered good literature by well known authors.

We feel having this program will benefit your child by keeping them reading over the summer and allowing the teachers to begin the year with a book that has already been read.

We hope your child finds this to be a worthwhile experience and enjoys the book that has been selected for them. Please make sure the students have the book with them for the first few weeks of school.
